# **German Society for Aeronautics and Astronautics**

Lilienthal-Oberth e.V.

Deutsche Gesellschaft für Luft- und Raumfahrt (DGLR)

Inform. Network. Promote.

## **DGLR**

History, Organisation, Structure

## **DGLR – Inform. Network. Promote**

The German Society for Aeronautics and Astronautics (Deutsche Gesellschaft für Luft- und Raumfahrt, DGLR) is the oldest institution in Germany to o er a common forum for those with a private or professional interest in aeronautics and spaceflight. The Society o ers a network for knowledge exchange about the aerospace sector; current projects and developments are presented, and good ideas are nurtured and rewarded.

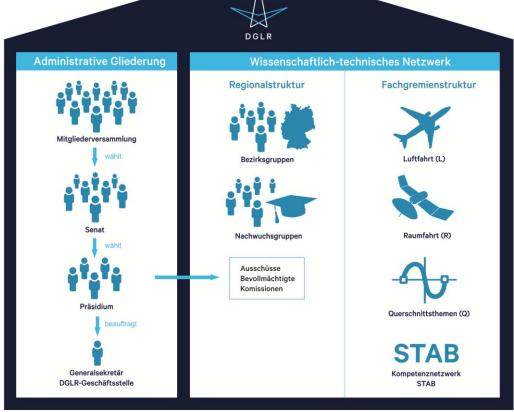

## **History**

- Foundation on 3. April 1912 in Berlin (Chair: Prince Heinrich, participant among others Prof. Ludwig Prandtl)
- Worldwide second oldest scientific-technical society in the aerospace industry
- 2,800 personal members, more than 100 corporate members

Organisation

## Presidium (1 January 2022 to 31 December 2024)

**Dipl.-Ing. Roland Gerhards**President

Dr.-Ing. Cornelia Hillenherms1. Vice President

**Dipl.-Kfm. Ulrich Beck**2. Vice President and Treasurer

Dr. Bianca Hörsch

Dr.-Ing. Rolf Janovsky

Prof. Dr.-Ing. Uwe Klingauf

Prof. Dr. Martin Tajmar

Dipl.-Biol. Andreas Wolke

## Struktur

 15 expert committees with more than 40 specialised scientific and technical committees

Raumfahrt (R)

## Local in 14 district groups

## **Our mission**

Inform. Network. Promote.

## **Inform**

Platform for aerospace news

### Informieren

## Internal membership information

- Exclusive member magazine
   "Luft- und Raumfahrt"
- www.dglr.de with expert forums, events, call for papers and current information
- Weekly newsletter DGLR-Inforadar and special newsletter DGLR-Infoflash

# External information for public & media

- Active press work as a voice of the scientific and technical aerospace community in Germany
- Information on aerospace associations, politics and institutions
- www.skyfuture.de: Career information for students and graduates

#### **DGLR-Inforadar**

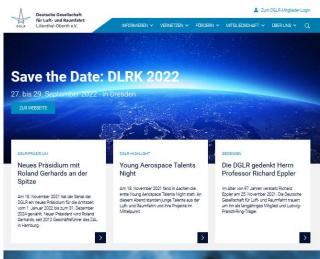

6. Januar 2022

#### Dr. Anna Christmann ist neue Koordinatorin der Bundesregierung für die Deutsche Luft- und Raumfahrt

In einer Kabinettssitzung am 5. Januar 2022 hat die neue Bundesregierung Beauftragte sowie Koordinatorinnen und Koordinatoren im Geschäftsbereich des Bundesministers für Wirtschaft und Klimaschutz, Dr. Robert Habeck, bestellt...

## Nachwuchsportal "Skyfuture"

- Target-group-oriented advertising for young people since 2009
- Cooperation with well-known companies in the aerospace sector
- Database on aerospace study programmes
- Almost 10,000 visits per month

#### Parallel to the website:

- Instagram channel
- Promotions and exhibition stands at trade fairs and other events

Die Metropolregion Hamburg hat sich zu einem der weltweit

NEWS >

Wie sieht die Ausbildung zum/zur Oberflächenbeschichter/-in

## **Network**

Networking with members, companies, partners and stakeholders

#### Vernetzen

#### **Events**

- Annual German Aerospace Congress (DLRK, Deutscher Luft- und Raumfahrtkongress) as a central networking platform
- Events, lectures, excursions and regular get-togethers in the district groups and technical committees

#### **Educational offers**

Job market and contacts to companies

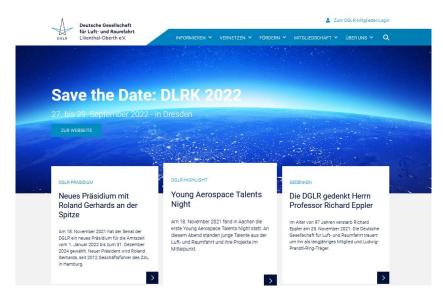

## **German Aerospace Congress (DLRK)**

- The most important scientific and technical networking event in the field of aerospace in Germany
- Presentations from a wide variety of aerospace disciplines
- Networking with participants and speakers
- Around 600 participants and 300 lectures every year
- DLRK 2023: Stuttgart19 to 21 September 2023

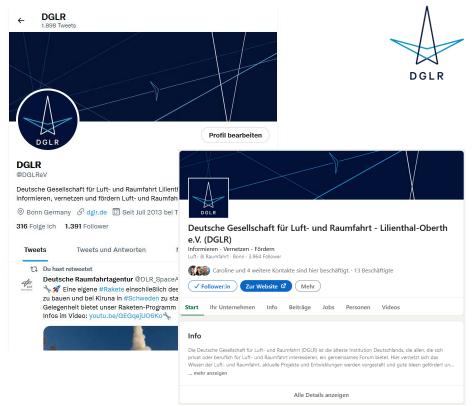

## **Networking – online**

#### www.dglr.de

### International cooperation with the

- American Institute of Aeronautics and Astronautics (AIAA)
   Memberships with the
- Council of European Aerospace Societies (CEAS)
- International Council of Aeronautical Sciences (ICAS)
- International Astronautical Federation (IAF)

## **Promote**

Promoting young talents and honouring special achievements in aerospace

## **Promotion of young talents**

Support for student trainee groups and programmes at regional, national and international level

Awards for studies, bachelor's, master's and doctoral theses in the aerospace sector

## Ehrungen und Auszeichnungen

#### **Aeronautics**

- Ludwig-Prandtl-Ring (For outstanding contributions to flight science in all its disciplines)
- Otto-Lilienthal-Medaille (For engineering-oriented services of a high scientific nature in the field of aeronautics)
- Ehrennadel der deutschen Luftfahrt (For outstanding team efforts to the development of aeronautics)

#### **Astronautics**

- Eugen-Sänger-Medaille (For special contributions to the field of space science or space equipment)
- Ehrennadel der deutschen Raumfahrt (For outstanding team efforts to the development of astronautics)

## **Honorary Members**

- Ludwig Prandtl
   Ludwig Bölkow
- Claude Dornier Hugo Junkers

# Become a member! Help shape the future of aerospace

# DGLR

## We offer

- A network that covers all scientific an technical aereas of aerospace,
- local contacts and events in your district group,
- a representation in the national and international aerospace community,
- the annual "German Aerospace Congress", which provides a unique platform for information exchange and personal networking,
- the member magazine "Luft- & Raumfahrt", which keeps you up to date on developments in aerospace and the DGLR,
- a weekly newsletter with the latest information,
- funding projects for young scientists and engineers,
- as well as many other events and exclusive offers for DGLR members.

## **Membership contributions**

## Full member: 125 € per year

with simultaneous membership in

- VDI or GAMM: 100 € per year
- AIAA: 94 € per year

### Young Professionals: 99 € per year

(In the first two years after training and max. up to the age of 30)

with simultaneous membership in

- VDI or GAMM: 80 € per year
- AIAA: 75 € per year

## Members in training: 25 € per year (Pupils, students: max. up to the age of 28)
